## NEUTRALITY ACT NEARS HOUSE

Senate Amendment Puts  
Penalty On Ships Flying  
U. S. Flag To Dodge Subs

WASHINGTON (UP)—The senate voted today to penalize foreign merchant vessels found guilty of flying the American flag as a ruse to avoid submarine attacks.

The penalty as written into the neutrality bill as an amendment.

Under the proposal, any foreign merchantmen which hoisted the American flag or used any distinctive markings designed to make it appear to be an American vessel would be denied entrance to United States ports and territorial waters for a period of three months.

House majority and minority leaders discussed procedure for the neutrality bill and made tentative plans to begin consideration of the measure Tuesday with a final vote probably by Thursday or Friday.

House plans narrowed down to two possible procedures:

1. A move to concur in the senate amendments.
2. A move to send it to conference.

Speaker William B. Bankhead said that the house should be able to dispose of the bill within a week after it begins consideration.

## Wallace Puts "Foot In It"

"Third Term" Statement  
Made Without First  
Consulting President

WASHINGTON, (UP)—Presidential Secretary Stephen T. Early said today that Secretary of Agriculture Henry A. Wallace should have consulted President Roosevelt before advocating a third term for Mr. Roosevelt.

Wallace said at San Francisco that Mr. Roosevelt should be elected for a third term because he is the best qualified man in the nation to guide the country in a serious international crisis.

"It would have been kind and polite of the speaker to have consulted the victim before he spoke," Early said.

Reporters told Early that the chief reaction in congress to Wallace's statement seemed to have been that it was ill-timed.

"It could have been timed better if it had to be timed at all," Early replied.

## INFANTILE PARALYSIS PATIENTS LEAVE SANATORIUM

The condition of Pauline Ench, daughter of Mr. and Mrs. Leo Ench, and Miss Doris Marsh, who have been patients about three weeks at Placerville Sanatorium for the treatment of infantile paralysis, had improved this week to a point where both were able to leave the hospital.

Mr. and Mrs. Ench took their daughter home on Wednesday and it was announced Thursday morning that Miss Marsh would leave the hospital during the day.

Each faces the usual period of convalescence.

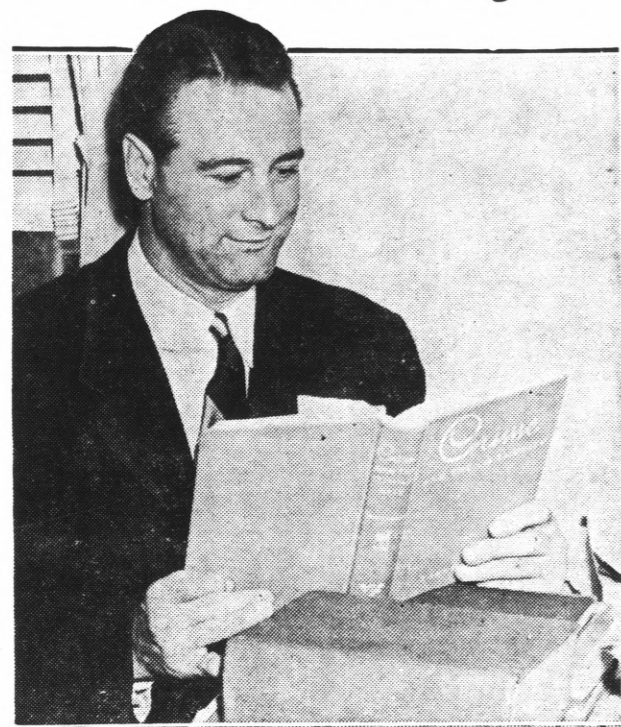

Doctors found satisfaction in the fact that no additional instances of the affliction have been reported in the county.

## Lotus Couple Granted License To Wed

According to reports from Reno on Wednesday, a license to wed was issued there to William A. Staggs, 21, and Doris Metcalf, 22, both of Lotus.

Jack Warner, operated upon Tuesday evening at a Sacramento hospital for appendicitis, is reported as resting easily.

## He's Commissioner Gehrig Now

Lou Gehrig, former first baseman of the New York Yankees, studies up on criminology following his appointment by Mayor Fiorello H. La Guardia as a member of the New York Municipal Parole Commission. He will receive a salary of \$5,700 a year for ten years. Gehrig retired from baseball as a result of an infantile paralysis affliction.

## DEMOCRATIC LEADER URGES WARRANT PLAN DEFEAT

Lucretia Del Valle Grady, Vice-Chairman  
Of National Committee Declares Thousands  
Are Tricked By A Charitable Urge

SAN FRANCISCO — Declaring that the Ham and Eggs scheme would not solve the needs of the aged, Lucretia Del Valle Grady, Vice Chairman of the Democratic National Committee and Democratic National Committeewoman of California, today urged every Democrat in California to go into action to defeat the Amendment.

Mrs. Grady's statement follows: "Not only the economic welfare of California, but the sound and constitutional conduct of our national and federal monetary system demands the defeat of the 30-Thursday scheme.

"Our President has called the plan 'fantastic.' So it is. It is even more than that. It is tragic. Thousands of well-meaning and sincere

people, distressed at the poverty of fellow citizens, may be tricked into supporting Ham and Eggs by a charitable urge. They should read and study the proposal and acquaint themselves with the cruel hoax woven into the document.

"30-Thursday will not solve in any fashion the needs of the aged. Instead, even now it has given the legitimate cause of increased Federal old age annuities a decided setback.

"I urge every Democrat in California to be particularly active in opposing 30-Thursday, for California's Democracy has long sponsored, and will continue to sponsor intelligent and workable pension legislation."

## TRUSTEES ARE WARNED OF WARRANT THREAT TO SCHOOLS

Thirty-eight school trustees attended a trustees' institute Wednesday night at Placerville Grammar School which was presided over by Sam Cohn, deputy state superintendent of education.

Alfred Lentz, legal advisor to the state department, warned the trustees of the several dangers to the state school system presented in the so-called ham and eggs plan on the November 7th ballot.

Walter Moran, assistant state superintendent, discussed school finances. Following their talks, there was a question and answer period.

The grammar school orchestra, directed by Miss Laura Ball, was deservingly complimented by Mr. Cohn for its share in the program of the evening.

## Illustrating The Dangers Of Having False Teeth

MONROE, IA. (UP) — Mrs. Mary Christina Ford, 73, a widow, accidentally dropped her false teeth into a rain barrel yesterday. She tried to retrieve them and drowned.

Mrs. Delmont Blair was a visitor at Sacramento on Tuesday.

## PENNY AND NEY CLUBS HOLD ANNUAL FALL GET-TOGETHER

The Penny Social Club of Green Valley held their regular fall joint meeting with the Ney Quilting Club Wednesday at the home of Mrs. George Yost in the Ney District. It was an all-day gathering of about thirty members of the two clubs.

At noon a delicious tray luncheon was served and the afternoon was taken by contests, games and meetings of both with a short entertainment by the Ney Club. Mrs. Charlotte Nettle received a kitchen basket filled with necessities from the Penny Club and Mrs. Nellie Wing received a chest filled with hand-made fancy work by the Ney Club. The Penny Club's gift to the Ney members was a cornucopia filled with hand made sewing bags, one for each of their members.

The guests departed at 4 o'clock expressing their appreciation for a pleasantly spent day.

Funeral services for Charles E. Nichols, brother of Mrs. Ernest Blair, of Fallon, Nevada, were held Tuesday at Sacramento. Mr. Nichols, a native of Folsom, is also survived by a daughter, two brothers and a sister in addition to the one named. Several cousins also survive, among whom are Arthur J. Koletzke and Mrs. Alma Hobson, who attended the funeral services.

## L.A. MURDERESS EVADES POSSE

Slayer Of Two Women  
May Attempt To Visit  
Husband, Note Indicates

By FREDERICK C. OTHMAN  
United Press Staff Correspondent

PHOENIX, Ariz., (UP) — Winnie Ruth Judd, the trunk murderess, bore out her nickname of "the tiger woman" today by continuing to elude the greatest woman-hunt perhaps in the history of the west.

With every policeman on the lookout and border patrols searching every car leaving the state, the 34-year-old blonde managed to remain at large with all the cunning of the animal whose name she was given.

Penniless, coatless, and unable to hide her startlingly pink-blond hair, the trunk murderess, insanely cunning or not, couldn't have gone far without detection, the officers theorized.

She had escaped from the Arizona state hospital for the insane, and, as police looked for her throughout the southwest, Gov. Robert T. Jones revealed that her "condition is growing worse all the time" and that she is now more insane than when insanity saved her from paying the extreme penalty for an insane, bestial murder.

Gov. Jones revealed the contents of a note which the blond murderess left with her mother a few hours after she escaped from the hospital Tuesday night. She said she only wanted to see her bed-ridden father and her husband, Dr. William C. Judd, who is a patient in the Veterans Hospital in Los Angeles.

She had seen her father, going to him immediately after she walked out of the hospital, leaving a cunningly contrived dummy in her bed. Presumably, she would now seek to see her husband. From the Los Angeles hospital, he appealed to her to either surrender to authorities or communicate with him at once. They were estranged in 1931 when she killed Agnes Ann Le Roi and Hedvig Samuelson in a cottage they shared here, dissected the bodies of the pair, and shipped the parts in a trunk to Los Angeles.

## Armistice Day Dance Nov. 10

Invitational Affair  
Will Be Held At  
Shakespeare Clubhouse

F. A. Petersen and Cecil Barker have been named by Commander M. E. Wright to complete plans for the annual Armistice Day ball. This committee announces the dance will be held this year on Friday, November 10 in the Shakespeare Clubhouse. The annual affair is to be similar to last year's arrangements in that invitations will be extended by Legionnaires. Bids are \$1.00.

The committee in charge of Armistice Day program, which is to be held at 11 a. m. Nov. 11 following a parade through Main Street, will meet Thursday afternoon to complete plans and draft a program include the Armistice Day Address by Raymond T. Coughlin, judge of Sacramento County superior court, and a football game at 2:30 in the afternoon between the traditional rivals, San Juan and El Dorado County high schools. The game which is to be played at Bennett Memorial Park, Placerville, will be preceded by an American Legion Flag Ceremony at 2:15 o'clock.

Ralph Eason, extension specialist in agriculture, was a caller in the county Thursday in connection with a continuation of the study of the county's land use problems, instituted a year ago.

## Married for 78 Years

Still as devoted to each other as a honeymoon couple, Mr. and Mrs. George M. Goben (above), of Lucas, Iowa, have been married 78 years. Winners of a nation-wide contest for matrimonial longevity, they are 93 years old, have three sons, 12 grandchildren, 24 great grandchildren and two great-great grandchildren.

## REDS REFUSE RECOGNITION OF ALLIED SEA BLOCKADE

Germany, Bringing Strong Pressure On Some  
Neutrals, Maps Renewed Attacks On British  
Shipping; Wins Raw Materials From Russia

By UNITED PRESS

LONDON — Prime Minister Neville Chamberlain disclosed today that the German pocket-battleship Deutschland is roving the Atlantic as a sea raider and declared that Great Britain is prepared to give the only possible reply to the Nazi challenge to a finish fight.

Russia refuses to recognize validity of allied blockade of Germany; bank rate lowered one per cent to two per cent, indicating war may be fought with "cheap money;" commons awaits war report of Prime Minister.

BERLIN — Germans reported ex-

erting strong pressure on some neutral nations to strangle British trade as preliminary to ruthless submarine and aerial warfare on as a sea raider and declared that Great Britain is prepared to give the only possible reply to the Nazi challenge to a finish fight.

PARIS — War office communique says night was quiet, marked chiefly by patrol activity.

HELSINGFORS — Finnish delegation returns from Moscow with written Russian demands said to represent serious obstacles to further negotiations.

## Visits Placerville After 52 Years

Mrs. Fred Bories, the former Carrie Landecker, visited her old home at 61 Coloma Street, Placerville, last Sunday after an absence of fifty-two years.

Mrs. Bories is the daughter of Louis Landecker, who came to Placerville in 1849 and for many years operated a grocery store on the site now occupied by the Lewis & Lewis plumbing shop on Main Street.

Mr. Landecker was also interested in mining and was prominently identified with a large gold mining property which to this day bears his name. He also is said to have mined the first slate in the county from the quarries at Chile Bar, now operated by the Pacific Minerals Co. and it is reported to have gone to San Francisco for use in the building of the old Baldwin Hotel. Mr. Landecker was a close friend of James W. Marshall.

Mrs. Bories spent Sunday visiting with some of the old friends of her childhood whom she had not seen since she left Placerville as a young woman of eighteen years to marry Isaac Korn, of Seattle, Washington.

Among these were Mrs. Emma Schaub, Mrs. Sallie Mitchell, Jay and Albert S. Fox, Thomas Patton, Charles Arvidson, Mrs. Mary Rasmussen and Mrs. Marie Sharp.

Mrs. Bories was accompanied by her grandson, Edwin Rosenthal, of San Francisco; her husband, Fred Bories, of Seattle; her niece, Mrs. Leah Coblentz Wolf, (also a native (Continued on page 4)

## EAGLES AUXILIARY TO SHARE ARMISTICE OBSERVANCE

At the regular meeting of Placerville Eagles Auxiliary on Monday night of this week, members of the order were asked to join in supporting the Armistice Day parade, which is being arranged in connection with the traditional observance of the day by the American Legion. The auxiliary will meet at the War Veterans' Memorial Building to take part in the parade.

President Lilly Revas conducted the business meeting at which one application for membership was read. The auxiliary was invited and members made plans to attend a meeting at Folsom Wednesday night of this week for the institution of a new auxiliary unit there in a ceremony to be conducted by the Oak Park auxiliary.

Members interested in the drill team or the drill team association were asked to meet Friday of this week at 7 o'clock at the I. O. O. F. Hall.

Following the meeting there were games and refreshments were served at tables decorated in the Halloween motif. The auxiliary will hold a card party November 9th. Committees include Mrs. Enid Mart, Mrs. Pauline Wood and Mrs. Hannah Robinson on prizes and Mrs. Lyon and Mrs. Wanda Walker on refreshments.

Mr. and Mrs. Loren Forni spent the fore part of the week at San Francisco and Treasure Island.

## CITY OF FLINT DATA AWAITED

Secretary Hull Withholds  
Action Until Full Facts  
Of Case Are Presented

By FRANK McNAUGHTON  
United Press Staff Correspondent

WASHINGTON, (UP)—Russian assurances that the 41-man American crew of the seized U. S. Government-owned freighter City of Flint was safe in Murmansk relieved official anxiety today as the date department gathered information on which to base a probable demand for return of the vessel.

News of the crew's safety, communicated to Secretary of State Cordell Hull late last night by Laurence Steinhardt, U. S. Ambassador to Russia, ended more than 48 hours of silence concerning the crew's whereabouts and cleared up the first item of concern to this government. Steinhardt obtained his information from the Soviet foreign office.

Definite action was expected soon to obtain release of the ship to its American owners—the U. S. Maritime Commission, which leased it to the U. S. Lines.

Hull announced that the United States will take whatever action is justified under international law and in view of American interests as soon as full facts are available concerning the City of Flint's capture on the high seas by a German naval vessel last week. The Nazis placed a prize crew aboard the ship and sailed her into Tromsø, Norway and then to Murmansk.

## Forestry Probe Report Ready

State Board, Meeting  
At Red Bluff Monday  
To Hear Of Inquiry

SACRAMENTO, (UP)—Carl Sugar, chairman of the state forestry board, today prepared a formal report on his two-day "investigation" of the forestry division to be submitted to the entire board membership at Red Bluff on Monday.

Sugar and Warner L. Marsh, whom the board has selected to head the division if and when State Forester Merritt B. Pratt can be ousted, questioned various officials of the forestry organization together, but the chairman asked Mr. Marsh to leave the room while he talked with Pratt.

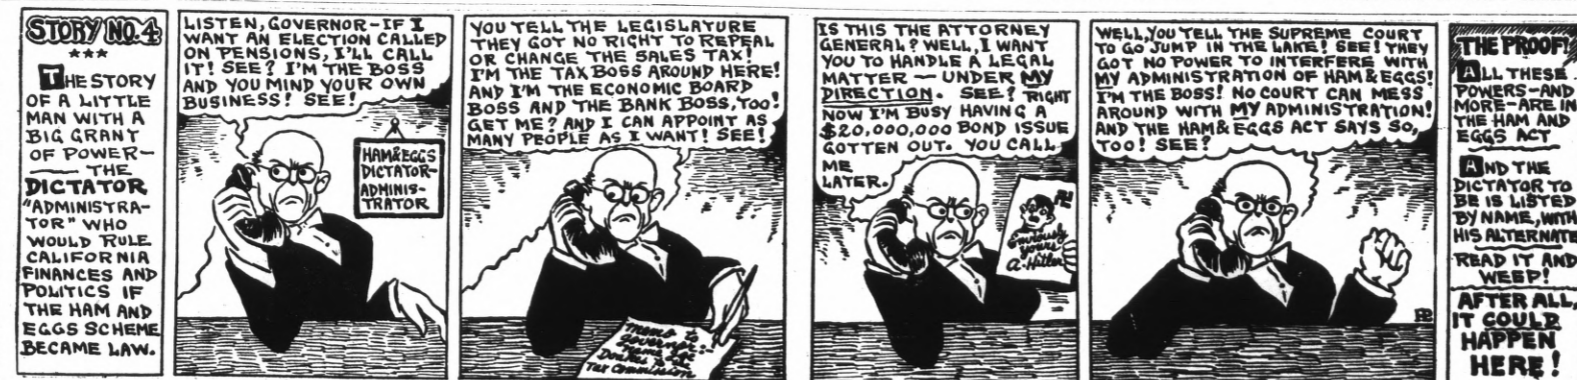

Although Sugar has been one of the strongest supporters of Marsh for the forestry appointment, he declared that "as long as Pratt is chief of the division I'll back him 100 per cent." Pratt has resisted efforts to discharge him, holding that he has civil service status.

The board chairman said it was apparent from the questioning of Pratt and other officials that Director of Natural Resources George D. Nordenholt had caused dissension in the division by issuing orders to Pratt's subordinates without consulting the forester and that the employees had frequently "gone over Pratt's head to Nordenholt."

## THE IMPORTANCE OF VOTING

If California is to be saved from the threat of chaos and disaster which is the proposed Retirement Life Payments Plan, the citizens of this state who really have a stake in its welfare must go to the polls November 7th and vote.

Vote "No" on Proposition One, which is the warrant plan.

The spectacle of problems of vital importance to our individual welfare—the welfare of our State and the welfare of each one of us—being decided by only half or even three-fifths of the registered voters is a disgusting commentary upon the public interest in the ballot.

We need an awakened citizenship!—And if we don't get it, we may lose some day the privileges which we all enjoy because some of us choose not to discharge the duties which those privileges make incumbent upon us.

The percentage of voters in previous special elections gives slight reason to hope that the November 7th ballot may tell a different story. In 1919, only 18.33 per cent of the registered voters voted. In 1935 only 17.45 per cent of the registered voters expressed their views. The special election of 1933 brought the best turn-out, and that was only 54.11 per cent of the registered vote.

November 7th presents a proposition which promises financial chaos with attendant public distress throughout the state and it will be tragedy indeed if the so-called warrant plan is foisted upon California by a vote of only half of its citizens.

Let us all vote November 7th and Vote "No" on Proposition One. Then if by chance it should be passed, we shall have the satisfaction of knowing it was approved by a true majority of the voters.

You MUST vote on November 7th, and we urge that you vote "No" on Proposition One.

## GRANGE NOTES

### Hangtown Grange

Hangtown Grange No. 464 will hold a booster night Friday, October 27th at Fossati's Hall. The program for the evening will be under the direction of Lecturer Frances Rind. All Grangers and friends are welcome to come and it is hoped that as many as can will masquerade in the spirit of Halloween. Mr. and Mrs. Ed. Hardy have been engaged to play for dancing.

### Pleasant Valley

The State Grange convention, held at Chico, was a great success. Mr. and Mrs. A. G. Springer went as delegates from Pleasant Valley, as Mrs. Virgil Avansino. Master, was unable to attend. Charles MacLaughlin and Mr. and Mrs. R. W. McCoy were the only others who attended from Pleasant Valley.

One of the highlights of the convention was the initiation rites conducted Thursday night in the high school auditorium, when about 300 Grangers were given the fifth and sixth degrees by the Butte Pomona Grange degree team. Miss Dixie Daddman and Mr. and Mrs. Ross McCoy were among those who took the sixth degree.

After the conferring of the degrees the Grangers were feted at one of the most unusual feasts ever held in Northern California—the Feast of Flora. Two thousand Grangers filed by a 250 foot table in the arcade of the gymnasium laden with 30 varieties of fruits and nuts native of California. There were about 3800 pounds of these gathered for the feast, according to Joseph De Bock, convention chairman. Another outstanding event was the beautiful and impressive memorial services held under the

great Hooker oak at Bidwell Park Thursday afternoon. It is the largest park in the west, where 1500 Grangers honored departed brothers and sisters. Mrs. Mable Norton, State Chaplain, conducted the services.

On Thursday evening there were banquets held at various places for the different Granges. The Southern Inn was the scene of one held for El Dorado, Placer, Amador and Nevada counties. There were 31 at our table; each of whom was required to make a very brief speech. The dinner was enjoyed by all, although several songs, the last of which was "God Bless America." There was a touching little scene when the masters of the oldest and youngest Granges in the state, Pilot Hill and Lone, shook hands across the table.

On Friday, Santa Cruz was chosen as the next convention city. More than 100 important resolutions were up for consideration during the day's session, which was completed after midnight with installation of state officers. Saturday there were two personally conducted tours for visiting Grangers, after which a barbecue was held at Bidwell Park at noon, with short talks by State Master Sehlmeier and others. Chico, you think we all really, and we will always have a warm spot in our hearts for you.

William Hoffman, son of County Surveyor and Mrs. Don M. Hoffman, is a vice-president of the Ski Club at Placer Junior College. Hoffman is a freshman at the Placer school.

## THRILLS GALORE IN NEW "OOMPH GIRL" FILM AT EMPIRE

Believing that film audiences will welcome a gay respite from the pressure of present-day living, Walter Wanger has produced a diverting story of college love in "Winter Carnival," which will open tonight at the Empire Theatre for a two-day showing. Starring the vivacious Ann Sheridan with Richard Carlson and featuring a large cast of Hollywood's outstanding starlets, "Winter Carnival" was directed by Charles F. Riesner and is a United Artists release.

"With economic and war-threat pressure bearing down from every quarter, much of our screen fare has become heavy." Producer Wanger states. "In 'Winter Carnival' we have turned out a picture that will make people forget their troubles. We chose a New England setting for its colorful background, and the Dartmouth yearly sport-social event for the theme because the latter is the nation's one spectacular outdoor fete that is staged entirely by young men full of pep. Also, this event draws as guests one of the most attractive groups of young ladies assembled. Hundreds of them from throughout the East attend each carnival."

Wineries in Napa County have set \$15 a ton as the price on most dry wine grapes for the season.

All metals are not heavy and hard. Some will float on water and flow like oil.

Mercury will flow like oil unless it is frozen. Mercury is used to get the gold out of sand. Most of our mercury comes from California. It comes from cinnabar.

Osmium is twice as heavy as lead. It will burn and gives off a poisonous vapor. It is used to make clock wheels.

Zinc is used to galvanize iron. Zinc mixed with copper makes brass.

Tin is a very soft metal. Tin foil is pure tin. Tin cans are made of iron and covered with tin. Copper mixed with tin makes bronze. Mixed

with lead tin makes solder. A mixture of lead and antimony and tin makes pewter.

Lithium will float on water and burn like paper. It is never found pure. There is lithium in medicines. It is also used in fertilizers.

A hundred years ago aluminum was hard to get and was worth \$100 a pound. Today it is worth twenty cents a pound because now people know how to get it out of common clay which makes up a thirteenth of the earth's surface.

Platinum costs \$80 an ounce. It is very rare and useful. It comes from Russia. Chemists, dentists, electricians and jewelers all use platinum.

### Seniors Win

A cup was presented to the Senior Class last Thursday afternoon at the student body meeting as a reward for their winning the student body ticket sale, with 96 per cent of the class buying tickets. The junior and senior classes were given \$5.00 each for having more than 80 per cent of their members purchase tickets while the lowly Freshmen and sophomores had to be contented with honorable mention. All together it was a tough sort of competition for the seniors won by only 5 per cent less than half a student. Student body entertainment was furnished in part by Charles Irish, who tried out for the office of song leader, and Eloise Pont, Jeannette Pierroz and Kathryn West, who desired to become yell leader. There was also a short musical entertainment furnished by Don Chadwick, with his sax, Cliff Sweezy, with assorted drums, cymbals, and gadgets, and Miss Hall at the piano. They did a swell job playing several modern hits.

### Noon Dance

"Eat, drink and be merry"—sandwiches, milk, and a dance—was the program Monday noon at which time most of the student body danced in the gym to the hot music of "Wolf's Whoozy Wonders," our school dance band. We find that this serves admirably to keep the pupils inside, away from the rain.

### Chess Club

Members of the Chess Club met in Mr. Lung's room Wednesday to perform their weekly mental gymnastics. A lot of new members are just beginning to get the hang of it, and many of the old members practiced up during the summer, so each and every meeting has plenty of competition.

### Honor Society

The group of geniuses comprising the Honor Society met for the first time this year for the purpose of planning an initiation and electing officers. Frances Byrnes was elected president, Bob Weidman, vice-president, Evelyn Smith, secretary, and Susie Young, treasurer. They then plunged into the business of initiation. This semi-annual party will be held Thursday evening, November 2nd, at which time the two new members, Susie Young and Ellen Hansen will be given their medicine by the regular members, Bob Weidman, Frances Byrnes, Evelyn Smith, Mary Jane Newman, Caroline Wallace, Ralph Thomas, Paula Orear, Beverly Tinker, and—miracles do happen—Bill Dillinger. The reason the membership is so small is that in order to belong to the California Scholarship Federation, a student must have a minimum of three A's and one B, which is really "tough going."

A coroner's jury Wednesday night affirmed the death of William Wesley Kessler on October 8th as being from a gunshot wound, self-inflicted, with suicidal intent. Earl Prior was foreman of the jury.

## SCOUTING

### Troop 57

Eleven Scouts from our troop participated in a hike last Sunday. We established our headquarters at the Meadows, a large expanse of cleared land about two and a half miles from town out Cedar Ravine road. Then we proceeded to tramp over what seemed to be a hundred square miles of territory, all of it brush and rocks. We took time out in the afternoon to visit the SRA Camp, where we took advantage of their recreational facilities, playing horseshoes and ping-pong. We found the hike so successful that we decided to go on an overnight hike on November 4.

We've been having a lot of fun lately. Only a week ago we had a whale of a party. We've hiked all over the hills, and we've made innumerable articles for handicraft, so if you see a Boy Scout with a smile on his face, you'll know he's from Troop 57.

### Troop 67

Beans, Beans, Beans. That is, beans among other things, because they formed only a small part of the feast we had at our out-door meeting at the Brunius ranch last Wednesday evening. In fact, we had a weiner roast and a bean feed rolled up in one, and either one of them might have been enough.

If readers noticed the big light in a direction northeasterly from Placerville about a week ago, you know that Troop 67 now claims another record. We believe he had the largest council fire ever held in El Dorado County by a Scout troop. The material for this beautiful blaze came from a clearing of about an acre of ground and the pile was about 60 by 20 by 10 feet before it was touched off.

Duncan Caldwell, our assistant Scoutmaster has issued a challenge to all bean-eaters. Conditions of the challenge are that the challenger name the time and the place—and provide the beans.

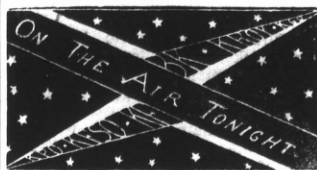

After our fire was burning merrily and we had dug a fire trail around it, we concluded our evening with a songfest, augmented by Deac Taylor and Johnny Weidman, on their harmonicas. —Bob Allen.

**Hallowe'en Artists To Get Prizes For Work**

EMPORIA, KAN., (UP) — Emporia merchants today adopted the adage—"if you can't eat 'em, join 'em"—and told Hallowe'en celebrants to come on and smear their windows. Prizes will be offered boys who daub windows most artistically with soap.

Forest Supervisor Edwin F. Smith left Thursday morning to spend the day at Georgetown and at the nearby Georgetown Ranger Station.

## Stage Set for First Big Push

Military experts believe Germany is preparing a great western offensive as shown on this map. The four-army drive would move from Saarburg (1), Saarbrücken (2), Pirmasens (3) and Landau (4). In defense, France has blown up bridges at Plittersdorf (5), Rhinau (7), Sasbach (8), Breisbach (9), Nevenburg (10) and Wintersdorf (12). Bridges at Kehl (6) have been mined. At Kembs (11), France has flooded the Rhine by closing spillways on French side, hoping to inundate part of Westwall. Plane symbols marks airfields.

### RESCUE

Andrew Forbes, of Flora, Oregon, arrived on Wednesday to visit a few days with Mr. and Mrs. William Wulff. He will leave Monday morning to make a visit in Illinois.

Mr. and Mrs. W. E. Kramer, of Sacramento, spent a few days the past week at their summer home near the Wulff ranch.

J. McGary whose health has been very poor the past few months left for the South about two weeks ago and word was received on Wednesday that he would have to remain some time in Los Angeles on account of his health.

We are glad to hear that Mrs. Mertie Muir, who arrived here recently from the Dakotas, intends to make her future home in this vicinity if she can locate.

Mr. and Mrs. Wilbur Duffrey are residing near the Glass and Klump ranches, we understand.

Mr. and Mrs. Ed Glenn enjoyed

a trip to Treasure Island on Thursday and Friday.

Mrs. Laura Pritchard, of Oroville, spent Saturday and Sunday at the Ed Glenn ranch.

Mr. and Mrs. A. J. Engesser were county seat visitors on Monday.

Mr. and Mrs. O. J. Miller, of Folsom, and Harold Avansino, of Pleasant Valley, were Sunday visitors at the George Wing ranch.

John Haase, of Fair Oaks, was a business visitor at the Engesser ranch on Sunday.

Bud Benson, Bob Dixon and Ronald Dixon went to Redding on Sunday for a fishing trip.

M. S. Dixon spent Saturday and Sunday visiting with his family here and returned to Redding on Monday.

On Sunday about 10 o'clock a. m. an accident occurred at the Boulder Mine when two men working in the lower levels picked into an unexploded hole. They were Harry Sax, of Placerville and Robert Long, of Rescue. Sam Wunschell was immediately sent to telephone for an ambulance and a doctor. It was about two and a half hours before the word was received as to who were actually hurt. Mr. Sax's face was badly cut and bruised and we understand he has a serious back injury. Mr. Long was more fortunate but received a cut over one eye and a long gash on one arm and his face and chest were literally peppered with rock and dirt. We understand the blast was under water so the two men were showered with mud, too. Mr. Folmer, superintendent, was in Sacramento at the time of the accident and was shocked to hear of it when he arrived home.

## OL' MAN RIVER GOES MODERN AND SHOWBOATS OF PAST ERA ARE GONE; RADIO NOW SUPPLIES MUSIC FOR DIXIE

By JOHN A. PARRIS, Jr.  
United Press Staff Correspondent

MEMPHIS, Tenn., (UP)—Ol' Man River keeps rolling along, but the showboats he used to bring have become lost in the limbo of Dixie memories.

There was a time when the old man was gay and the showboats would come puffing breezily around the bend, their bells ringing, their pilots waving and their bands blaring.

But now they are no more. Radio and the movies have driven them away. The gaudy palaces of pleasure that came down the old river and tied up at the levees before the watching plantation children have given way to deep-set screw vessels and modern ships of the strictly business type.

No more does the showboat captain stand on the hurricane deck and tell the river people that his showboat is the greatest on the Mississippi.

No more do the bands of that "oom-pa, oom-pa" era parade up and down the sleepy plantation villages and towns to set the Huck Finns and Tom Sawyers spinning plans for running away to join the gaudy uniformed troupe.

No more do the actors double in dress—a member of the band

tooting the trombone by day and acting the mustached villain at night.

The old-timers say it's all business on the river now. They will tell you the glamour has gone with the showboats.

The new boats bring music but there are no bands. They bring radio and radio is finding its way into the hearts of the people who live along the banks.

The plantation folks still gather when a boat ties up. They know there will be music. And as they wait, some of the old-timers tell stories about the showboats, and the youngsters who never saw a showboat stand in rapt attention.

Then one of the hands brings out a radio and hooks it up on deck. The river people enjoy it and the Negroes dance.

But the whites—share-croppers—mostly, stand at a distance. They do not dance and they do not sing. They don't carry their burdens so lightly as the Negroes do.

The boats rarely stay long. There is work to do and they must move on. So the radio is silenced.

The folks watch the boat until it rounds a bend and is gone. Then they go back to their mules and hoes to await the arrival of another "radio boat."

It's the nearest thing to a showboat on the river now.
